Dear Friend of Highland Christian School,

Over the last number of years Highland Christian School has embarked upon strategic decisions to strengthen the educational and spiritual opportunities for students and families. Each incremental step has impacted the educational culture, professional growth, student outcomes and enrollment at Highland Christian. **At present we are preparing a proposal for the strategic expansion of Highland Christian School's building.**

This proposal adds 15,681 square feet on the west side of our campus by adding 8 classrooms, a large common space, 2 office spaces, and additional student and faculty restroom facilities. We are working to finalize site drawings, and will publish these for your viewing by April 4 at [www.highlandchristian.org](http://www.highlandchristian.org).

The remainder of this letter outlines the details and process that led to this decision as well as preliminary drawings. We praise God for His guidance and the blessings He's entrusted to Highland Christian School. We trust that He will continue to guide us through the questions, counsel, review, and financial support that will come through Highland Christian's Society. Please take note of the key dates listed below. We invite your participation in these meetings and the input you provide as we move forward with this plan.
